IN A POST BAG. Quite a sensation was created one morning last week in our Post Office, on the arrival and opening of the mail bags from the Queen City, by the sudden appearance of a large mouse, which introduced itself to our Postmaster without any ceremony, or any attempt towards explanation. It was quite evident that which has, or may have, a tendency to injure the election of the concealed passenger had been accustom to Post Office quarters, as, on being released from its confinement, it made off to one of the letter cages, but a hot pursuit having been commenced, it was forced to fly towards another quarter, and in making a bold attempt for life and liberty, unfortunately became a "dead letter." It is supposed this unfortunate Charleston Post Office mouse had entertained the idea of visiting some of its country kin in the Cheraw establishment, and in order to accomplish its purpose, had adroitly concealed its little body in the mail bag, escaping from which, and not having been duly stamped, it met its untimely end .-Thus as Burns says, "the best laid schemes of men and mice gang aft a-gee." The unexpected death of this travelling city mouse will, no doubt, create a vacancy in its family circle not soon to be filled up, and as a matter of course, must be a source of intense grief to its numerous relatives. Charleston papers please copy. Notwithstanding the alarming nature of the occurrence, no serious interruption to the public business took place. and the morning's mail was delivered with the usual punctuality .- Pee Dee Herald.

THE REEDY PATCH GAP .- There is no information we could give our readers at the present time more interesting to us, and we hope to them than the FACT that Mr. | says : "I have frequently used Borhave's Holland Bitters. Owing to the condition of things at present surrounding us, and especially the great effort that is evidently being made to prevent an extension of our Road over this route, we do not think that there could have been a more opportune time for the survey, and if the route proves practicable, as we have no doubt it will, we can hen by sifting the chaff from the wheat and making a united effort, not only make the W. C. & R. L. R. a fixed fact and push it to a speedy completion, but we can present to the next General Assembly a route eaqual to heart and side, arising from indigestion. any other and far shorter, to the French Broad. THIS CELEBRATED REMEBY for purifying the blood, and for the cure of scorbutic, ulcerous, and eruptive diseasea, is superior to all others because it is the most powerful and searching preparation from the root that has ever been employed in medical practice. Where the aid of a stimulant antiseptic and alterative medicine is required, these act simultaneously upon the system, its tonic property strengthens the digestion and improves the appetite; its alterative tendency carries off the accumulation of morbid matter; and its antiseptic influence neutralizes the virus by which disease is fostered.

REVIEW OF THE WILMINGTON MARKET, FOR THE WEEK ENDING JULY 22D, 1858.

TURPENTINE .- Since our review of Thursday last several shippers have come into market, which, together with the meagre receipts, caused more activity, and the price of yellow dip and hard have gone up 10 a 20 cents. On Monday last the market opened at \$3 25 for virgin, \$3 for yellow dip. and \$1 50 for hard-at which figures it closes firm, with a brisk demand from shippers and distillers. The recent rains cause a rise in the river, and as a consequence scarcely anything has been received from above tide-way. We quote sales for the week just ended as follows:

Virgin. Yel. Dip. Hard. ... 50....... \$3 25.......\$2 80. 570 . . . . . . . 3 25 . . . . . . . . . . . . . 3 25. . 420 3 00 Tuesday.... 47...... 3 25... 3 00 

SPIRITS TURPENTINE .- Since our review of Thursday last the market for this article has ruled inactive, and we have no change worthy of note to make as regards prices-some small lots having soid at 39 cents. This morning above figure is offered, but sellers generally are firm in holding at 40 It is also without doubt one of the best articles for keepng the hair in good condition, making it soft and glossy, reSales for the week as follows:

Rosin. - We have no change to report in prices of either grade for the week ended to-day. The arrivals have been meagre, and we notice only a small stock remaining in first | Elementary English Branches..... hands. For the Common article there has existed a fair enquiry from buyers, but the high rates at which it is held has large bbls. has been quite freely offered, but sellers refuse to take this figure. In consequence we note the sale of only one lot of 350 bbls. on Tuesday at \$1 20 for large bbls.three parties. In other grades we note sales during the week of 800 bbls. No. 2 at \$1 50; and 3,769 do. at prices ranging from \$1 50 to \$3 for No. 1, and \$3 50 to \$5 371 10 bbl

for Pale, according to quality. TAR.—Is in moderate demand at former quotation. No receipts or sales since last review. We quote at \$1 60 \$\text{ bbl.} BEEF CATTLE AND SHEEP-The market continues to be very poorly supplied, and with an active demand from butchers has ruled firm at former quotations. Only one lot of 30 head of grass fatted beeves have been received during the week, and sold at 6 cents & th. One drove of Sheep (60 head) was also brought in, and taken by a butcher at

BARRELS-For empty Spirits Turpentine barrels the market rules about the same as reported in our last. There is a fair stock of former arrivals in first hands, and with a limited enquiry during the week, the transactions have been meagre. We quote small seles at prices ranging from \$1 624 to \$1 95 each for second hand ones, cash and time-the highest

figure for selected. COTTON-In this article we have nothing new to report ;but very little arriving, and the quantity offering sale is scarcely sufficient to establish a market. One small lot (21) bales) sold a few days since at 114 cents ? Th. for low to COFFEE-The market is moderately supplied with nearly

all descriptions, and we notice merely a retail business doing for some time past. Our quotations in table represent store prices, as in quantity and quality. FLOUR-The market for State brands has continued to

the way of sales. The advices from the interior markets represent a decline in prices, which has had the effect to keep buyers here from operating, and should the receipts be worthy of note during the coming week prices must recede. The quantity received for one or two weeks past has been light, and there is only a small stock in first hands at present. We quote small sales for the week at \$5 50 for superfine, and \$5 75 for family-closing inactive at these

GRAIN-In the CORN market we have no new feature to

notice. Received for the week only 4,700 bushels, of which 1,900 came to a dealer, 1,500 sold at 68 cents # bushel, and 1,300 (in a damaged state) on private terms. The supply in dealers' hands has become very much reduced, and a fair demand exists; a good article for milling purposes would sell readily at a higher figure than quoted above. - OATS -In the absence of receipts the stock on market has become materially reduced; there is, however, merely a retail demand, and the supply is sufficient for present purposes .-See table. Peas-The supply of Cow at present in dealers' hands is fully fair, and the market during the past week has ruled decidedly dull. No sales reported, but we learn that a lot was offered a few days since at 90 cents, without finding a purchaser. We quote at 85 a 95 cents 39 bushel, as in quality. For Black Eve there is some demand existing, and a few parcels of good quality would bring

stock fair. Sells from store at 34 cents # 15. HAY .- The market is overstocked with Northern, and has ruled dull for some time past. About 400 bales have been received since our last, of which 170 do. have been sold at 50 cents # 100 fbs., cash; balance unsold. No late receipts of Eastern, and but little on market; there is, however, scarcely any demand. Our quotations in table are for last riss & Howell

\$1 15 per bushel. ---- RICE-The market for clean remains

unchanged. No demand except for retailing purposes, and

LIME.—The market continues to be well stocked with this article, and merely a retail demand exists. A lot of 200 casks was received a few days since, and sold on terms not made public. We quote from store at 95 cents a \$1 \$ cask.

Molasses. - The market is fairly stocked with Cuba, and rules quiet. We continue former figures, at which we notice small sales. See table.

POTATOES .- Irish continue to be brought in sparingly, and sell from carts readily at \$1 per bushel.

PROVISIONS-For N. C. cured Bacon the market for several weeks past has ruled inactive, and scarcely any transactions have taken place except in the retail way :- there is none arriving, however, and only a few small parcels remain in first hands. We quote hams at 133 a 14 cents, and hog round at 121 a 13 cents \$16., as in quality. In the market for Western cured we have no quotable change to make in prices, though some holders appear disposed to advance rates a shade in consequence of more favorable advices from other markets. There is, however, merely a retail demand existing, and we note a heavy stock in first hands. We continue | Bro. & Co.; with naval stores. to quote at 7 a 71 cents for shoulders, and 9 a 91 cents 39 lb. for sides, as in quantity and quality, at which figures small sales have been effected. \_\_\_\_LARD\_No N. C. make brought | E. Hall. in and none on market, consequently our quotations in table must be looked upon as merely nominal. The receipts of D. A. Lamont. 74 Western have been meagre, and with a light supply on mar- mont; with mdze. ket prices tend upward. We quote from store at 124 a 13 cents # tb. in bbls. PORK-For Northern the market Flanner; with naval stores. remains as last reported. Fair supply in store, and demand ner; with naval stores. limited. See table for prices.

SHINGLES-Only a few small lots of Common received. and sold from boats at \$1 50 a \$1 75 7 M. TIMBER-Continues to be brought in sparingly, and in the absence of the usual demand for mill purposes the market for some time past has ruled exceedingly dall. During the week just ended only a few rafts have changed hands at \$5-

to \$7 75 per M., as extremes. See table. FREIGHTS.—Since the close of our last review the market VanBokkelen. has ruled quiet, and coastwise rates are a shade lower. We refer to our table for last prices paid.

CHARLESTON, July 20th .- Cotton .- There was quite an active demand for the article to-day, which resulted in the sale of upwards of 1700 bales, at an advance of 1 ct. on the better qualities. The sales comprise 3 bales at 84; 64 at 9; 137 at 123; 18 at 124; 116 at 125; 46 at 127; 190 at 133; and 1073 bales at 134c.

NEW ORLEANS, July 20th.—The sales of Cotton to-day comprise 300 bales. Prices are stiffer. The sales of three

Fair and middling qualities had improved most, and the market closed firm. Some circulars, however, say that the advance was subsequently lost, and that the market closed firm at last quotations. Manchester reports were favorable, holders demanding an advance for goods. Consols closed at 954 a
